CLASSICS FROM THE SHOP FLOOR

Our folding cartons are a classic of sales packaging. They're ideal for: cosmetic products, electronic accessories, toys and stationery. Depending on the base type, they can be used for light or heavy products.

Base types

TUCK LOCK

Easy to use, this type of base is suitable for small to medium orders. It offers optimum stability for light to medium weight products.

- easy to use
- suitable for light to medium weight products
- max. content weight (size M)*: 250g approx.

SNAP LOCK

Thanks to its outstanding stability and excellent construction, this is the ideal choice for heavier products and also works well for small to medium orders.

- good stability
- very robust
- ideal for light or heavy products
- max. content weight (size M)*: 450g approx.

AUTO LOCK

Due to its quick assembly, the auto lock is suitable for larger orders. Thanks to the gluing in the base area, the auto lock bottom box is optimally suited for heavy products.

- quick assembly
- very stable
- ideal for light or heavy products
- Size S, M, L

*Guidelines for the maximum weight of the contents of a folding box in standard size M. Depending on the size ratio of customisable packaging, the maximum possible weight of the contents may differ.
